Product Hardware Overview

- 1. 4-Microphone Array
- 2. AI Search Button
- 3. Power Button
- 4. USB Type-C
- 5. Charging Indicator
- 6. Quick-Bar
- 7. Anti-Slip Pads
- 8. POGO PIN

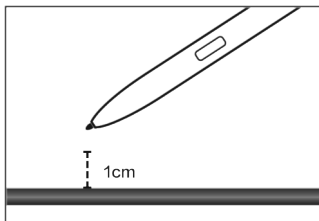

1. Eraser

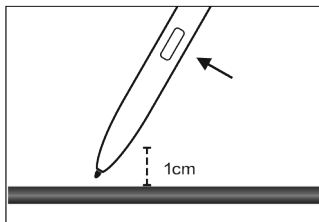

Use the end of the stylus to erase handwritten notes.

2. Customizable Button

For erasing: Hold the side button when the tip is over 1cm away, then tap the screen.

For custom functions: Keep the tip within 1cm of the screen while holding the side button, then tap the screen.

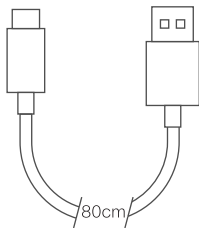

Supports customizable functions including Smart Pen Mode [Default], Circle-to-Erase, Erase, Disable, and more. Functions can be customized in Settings (see details on P11).

3. Replaceable Stylus Tip

Replace the tip when worn to maintain optimal writing performance. Simply pull out the old tip and insert a new one.

Accessories

USB Type-C × 1

Quick Start Guide × 1

EMR Stylus × 1

Power On & Initialization

Step 1: Press and hold the Power Button for more than 3 seconds to start AINOTE.

*Note: During initial setup, pre-installed apps will load to enhance your experience. While waiting, you can:

① Download our companion app for multi-device note management

AINOTE mobile
android/iOS/windows/MAC OS

② Follow us on social media for tutorial videos and tips

@iFLYTEKAINOTE

Step 2: Country and Region Selection

Language

Country and Region

*Select your region. Your account and data will be stored on corresponding servers. Changing regions may migrate your data to another server.

Step 3: Network Connection

Connected ⓘ

*Connect to a network that does not require secondary verification.

Step 4: Time & Time Zone Setup

*If multiple time zones are available in your region, select the correct one manually.

Step 5: Account Registration

The screenshot shows the 'Account Login' screen. At the top right, there is a link 'Sign up now' with the text 'Don't have an account?' next to it. A red circle highlights the 'Sign up' text in the email input field. A red line points from the 'Sign up now' link to the 'Sign up' text in the circle. Below the email field is the password field, and at the bottom right is a link 'Forgot your password'.

Account Login

Don't have an account? [Sign up now](#)

Account:

Please enter your email

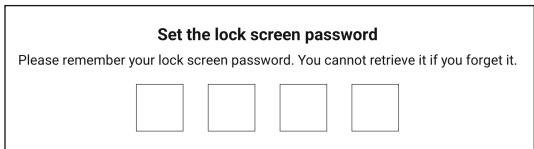

password:

Please enter your password

[Forgot your password](#)

*Register an AINOTE account with a valid email. Create a 6 – 16 character password containing at least two of the following: numbers, letters, symbols.

Step 6: Set the lock screen password & home signature

The screenshot shows the 'Set the lock screen password' screen. It has a title 'Set the lock screen password' and a subtitle 'Please remember your lock screen password. You cannot retrieve it if you forget it.' Below the subtitle are four empty square boxes for entering the password.

Set the lock screen password

Please remember your lock screen password. You cannot retrieve it if you forget it.

*Remember your lock screen password. You can also set up fingerprint unlock; the power button functions as a fingerprint sensor.

*The home screen signature can be updated anytime in Settings.

Congratulations! Your AINOTE is now ready to use!

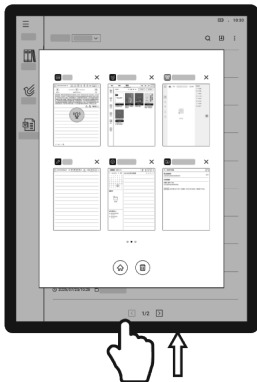

AINOTE Gesture Controls

Quick Access Control Panel

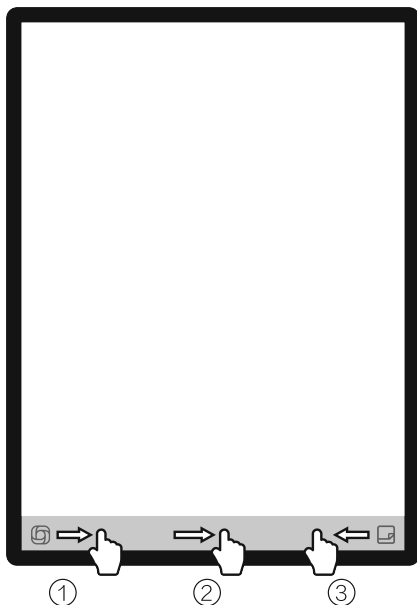

Swipe down from the top right corner to open the Quick Settings menu for Wi-Fi, screen casting, volume, and more.

Swipe down from the top left corner to open the Notification Center.

Multitasking

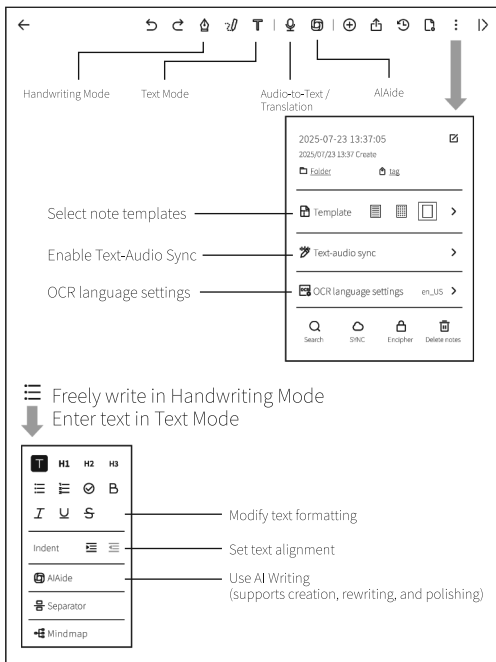

Swipe up from the bottom of the screen to open the multitasking interface. Quickly switch between apps or close background apps.

How to Use the Quick Bar

- ① Access free ChatGPT Q&A.
- ② Quickly flip through pages when reading multi-page content.
- ③ Open Quick Notes for instant handwriting input.

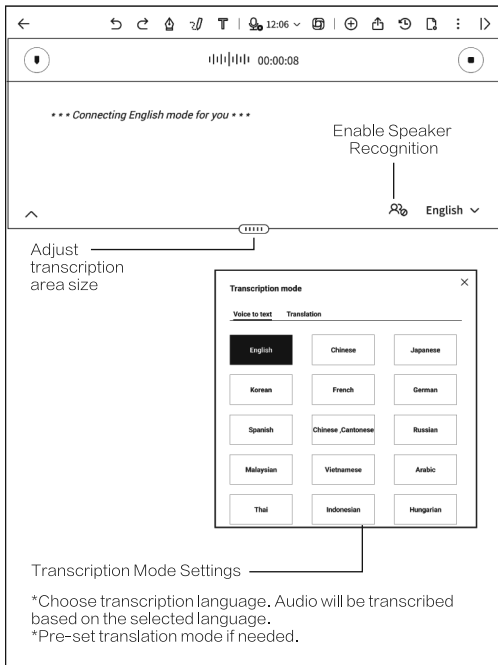

Notes Feature Overview

How to Add Custom Note Templates

- ① Import template images (PNG, JPG, etc.) into the [template] folder via USB.
- ② Open the template menu at the top and select Custom.
- ③ Tap the imported template to add it.

Audio-to-Text / Translation

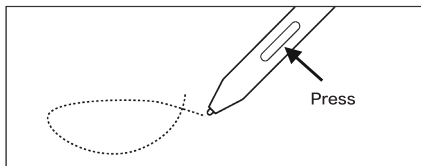

Tip: When Text-Audio Sync is enabled, you can take handwritten notes while recording. Afterward, tap on any handwritten content to instantly locate the corresponding audio segment.

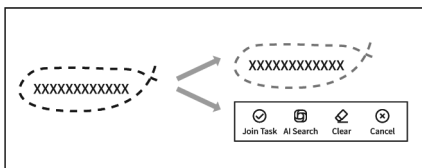

Smart Pen Overview

How to Use the Smart Pen

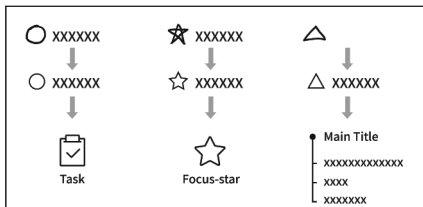

Step 1: Press the side button during writing to quickly activate Smart Pen mode.

Step 2: Circle handwritten content to move it, perform AI search, and more.

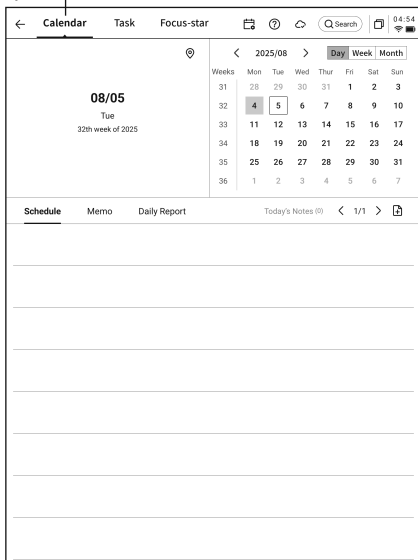

Step 3: Press the side button and draw shapes like ○ ☆ △ in front of handwritten content. The system will automatically convert them into standard shapes and add the associated content to To-Do, Follow-Up, or Subheading categories.

Calendar Overview

Link third-party calendar accounts for two-way sync of calendar events and to-do items

Calendar

View all calendar events, tasks, and notes for the day, with options to switch between different calendar views.

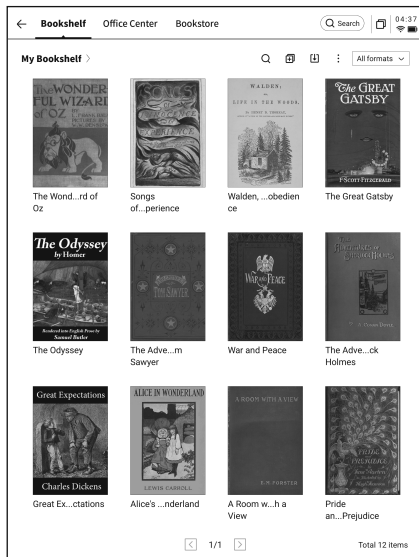

Task

Create new tasks and automatically collect tasks generated during meetings, with options to set deadlines and manage basic task details.

Focus-star

Starred Items: Automatically collect meeting content marked with a ☆ for follow-up.

Reading Overview

Bookshelf

All imported and downloaded eBooks are displayed on the Bookshelf. Supported formats include MOBI, EPUB, PDF, TXT, AZW, and more.

Office Center

Supports viewing, editing, and annotating Office documents, including Word, PowerPoint, and Excel.

Bookstore

A selection of free public domain books is available for download and reading.

How to Import Books and Documents

- ① Connect AINOTE to your PC via USB.
- ② Copy eBooks (PDF, EPUB, MOBI, TXT, AZW) to the [Bookshelf] folder. Copy Office documents (DOC(X), PPT(X), XLS(X)) to the [Office] folder.
- ③ View imported books and documents directly on AINOTE.

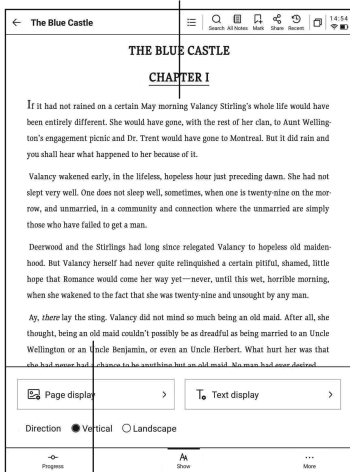

Method 2: Wi-Fi Import

- ① Go to the AINOTE Bookshelf interface and tap the Import button.
- ② Enter the Wi-Fi Import interface and check the provided address (<http://>).
- ③ Connect both AINOTE and your PC or mobile device to the same Wi-Fi network.
- ④ Open a browser on your PC or mobile device and enter the AINOTE-provided address (<http://>).
- ⑤ Access the transfer interface and select local files to import.
- ⑥ View the imported books and documents directly on AINOTE.

Method 3: Cloud Drive Import

- ① Enter the AINOTE App Center - Cloud Drive interface.
- ② Add your cloud drive account and log in.
- ③ Browse and download documents from the cloud drive.
- ④ View the imported books and documents directly on AINOTE.

Tap the center of the screen
to open Reading Settings

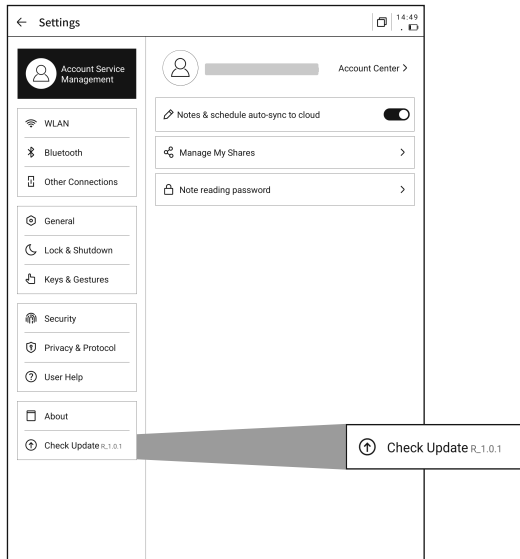

Supports handwritten
annotations, highlights,
excerpts, and other
reading tools

How to Import Custom Fonts

- ① Download font files on your PC and connect AINOTE via USB.
- ② Copy the font files to the [Fonts] folder.
- ③ Open a book, tap the center of the screen, and select Font Settings.
- ④ Tap Change Font to select your newly imported fonts.

How to Perform a System Update

Keeping AINOTE up to date ensures the best user experience. We release system updates periodically. When an update is available, you will receive a pop-up notification. You can also check for updates manually:

Step 1: Tap your user account icon on the left sidebar to open [Settings].

Step 2: Tap [Check for Updates] in the bottom left corner.

Step 3: If you see "Your device is up to date," no action is needed.

If a new version is available, follow the prompts to download and install it.

How to Provide Feedback

We highly value your feedback—it helps us improve our product. If you encounter any issues during use, you can contact us through the following channels:

1. Support Email

Choose the appropriate contact based on your region:

Europe: service@danutecheu.com

Japan: c-support@iflytek.co.jp

Korea: service@iflytekkorea.co.kr

Singapore: service@synlantech.com

USA & Others: service@synlantech.com

Our team is ready to assist you with product-related inquiries.

2. In-Device Feedback on AINOTE

Step 1: Swipe down from the top of the screen to open the Quick Menu.

Step 2: Tap [Feedback] to enter the feedback interface.

Step 3: If the FAQ does not resolve your issue, describe the problem in detail on the [Feedback Page]. You can attach screenshots or other files.

Step 4: Tap [Submit]. Our support team will respond, and you can view the reply in [Feedback History].
